Chronic Dyspepsia Cured.

Dr. Miles' Nerve and Brain Tonic
After suffering for nearly thirty years from dyspepsia, Mrs. E. E. Durdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a nervous stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nerve and Brain Tonic. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."
Dr. Miles' Remedies are sold by all druggists under a positive guarantee, first bottle benefits or money refunded. Book on diseases of the heart and nerves free. Address: DR. MILES MEDICAL CO., Elkhart, Ind.

CRISIS IN SPAIN

The Sagasta Cabinet Tender Its Resignation to the Queen Regent.

CONDITIONS OF PEACE

Madrid Dispatch as to the United States Demands.

GEN. MILES AT SANTIAGO

Energetic Assault on the City Expected.

Cable Communications Can Now Be Had With the Front Every Twenty Minutes—Spaniards Disabled and Scattered Their Ships After Surrendering—More Troops Will Sail For Manila Thursday. News From Chickamauga National Military Park as to the Movement of Troops—Satisfactory Water Supply Now Provided For—Senator Du Bose Requested by the Canadian Government to Take His Departure—Was Not the Alfonso That Was Run Ashore by the Wasp Off Mariel, Cuba.

London, July 12.—The Madrid correspondent of The Times says: Senor Sagasta went to the palace yesterday and tendered his resignation and that of the cabinet. It is said that he advised the queen regent to appoint a new cabinet, largely consisting of the military element, which would not necessarily mean the adoption of a warlike policy, but probably the reverse.

It is generally expected that the resignation will be accepted, but the result may possibly be only a partial reconstruction of the cabinet. Senor Sagasta has doubtless communicated to the ministers an account of his audience with the queen regent.

The Times, commenting editorially this morning on the "gloomy outlook for Spain," says: "Unless the new cabinet is quickly formed, the delay may easily issue in confusion or even disorder, which would indefinitely complicate the whole problem."

The Times thinks the government at Washington unwise to insist upon the unconditional surrender of Santiago.

"Besides risking an unnecessary loss of life without appreciably furthering the conquest of Cuba, the United States may soon find themselves in a position of serious moral responsibility for the starving population."

Maintain Strict Reserve. Madrid, July 12.—On leaving the cabinet council last night the ministers declared that they had mutually agreed to maintain the strictest reserve on the subject of their deliberations.

Naval officials say that a serious irregularity occurred at the time the ships of Admiral Cervera's fleet hauled down their colors and surrendered. Inquiries have brought out the fact that breach blocks of the guns were thrown overboard, thus disabling the guns and making them practically worthless and the valves by which the ships were flooded opened after surrender when, under the rules of warfare, the enemy had ceased fighting and had asked for quarter. It is said that further destruction to the ships at such a time was both wanton and dishonorable, and that if the persons responsible for it are located they are likely to be held accountable.

"Is She Your Daughter?" Have you a young daughter just at the age when young girls must need a mother's loving care? Is she physically strong and well or does she suffer from any weakness of the delicate organism which most intimately concerns her womanhood?

If so, you understand her suffering better than anyone else can. You know that such troubles, unless remedied, mean a life of incapacity and wretchedness for her. You appreciate her reluctance to undergo physicians' "examinations" and "treatments," and you will be glad of assurance from the most eminent medical authorities in this country that in nineteen cases out of twenty these mortifying methods are absolutely unnecessary.

No living physician has a wider practical experience or a higher reputation in the treatment of diseases peculiar to women than Dr. Pierce. His "Favorite Prescription" is the only proprietary remedy ever designed by an educated authorized physician specifically to cure women's diseases. His great 100-page illustrated book, "The People's Common Sense Medical Adviser," is of priceless value to every mother. It will be sent absolutely free on receipt of 21 one-cent stamps, to pay the cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y.; or send 31 stamps for a heavy, cloth-bound copy.

PEACE CONDITIONS.

Terms Reported to Have Been Demanded by the United States. Madrid, July 12.—It is asserted that the United States makes the following demands as conditions of peace:

1. The possession of Cuba and Porto Rico, with a port in the Canaries.
2. An indemnity of \$48,000,000 (about \$240,000,000).
3. The retention of the Philippines as a guarantee of the payment of the indemnity.

These terms are regarded as impossible.

MILES AT SANTIAGO.

Confers With Admiral Sampson and General Shafter.

Washington, July 12.—The war department was advised late last night of the arrival of Santiago yesterday of the auxiliary cruiser Yale with General Miles and his staff and a portion of Garretson's brigade. General Miles had a conference with Admiral Sampson and later conferred with General Shafter by means of the signal service telephone wires.

OFFICIALS SATISFIED.

With Shafter's Delay in Hostilities at Santiago.

Washington, July 12.—The war department waited all day yesterday with the expectation of hearing from Shafter that the bombardment of Santiago had begun, but no word to that effect came up to the time the department closed, and though there is little reason to doubt that the general carried out the programme of which he had notified the department, it was regarded as possible that he had consented to a further extension under the flag of truce in view of certain signs of weakening on the part of the Spanish commander. It was that General Miles, with additional reinforcements on the Yale, arrived at Siboney yesterday, and it is expected the assault upon the town proper will be prosecuted at once with the greatest energy and determination.

Senor DuBose Requested to Leave.

Montreal, July 12.—Senor DuBose, late secretary of the Spanish legation at Washington, and Lieutenant Carranza, military attaché, will leave Montreal tonight, at the earnest request of the Canadian government, on representation from the United States.

Transferred to the Signal Corps.

Washington, July 12.—Privates Lou S. Klein, Company K, and Alex. B. Boyer, Company M, One Hundred and Sixtieth Indiana volunteer infantry, have been transferred as first class privates to the signal corps.

Drowned in Presence of Companions.

Cynthiana, Ky., July 12.—Wood McNeas, aged 21 years, while bathing in Licking river, was drowned. He was with 10 or 12 companions when he was taken with cramps and sank. Desperate efforts were made by his companions to save his life, but to no avail. His body was recovered.

Ten Lives Snuffed Out.

Cleveland, July 12.—Ten lives were snuffed out in an explosion in the big waterworks tunnel under the lake yesterday afternoon. All were workmen, mostly Italians. The explosion occurred four miles from shore and not one was left to tell how it happened.

Treasury Statement.

Washington, July 12.—The statement of the condition of the treasury shows: Available cash balances \$230,171,083; gold reserve \$171,779,417.

NOT THE ALPHONSO XII.

But a Spanish Supply Ship That Was Run Ashore at Mariel.

Tampa, Fla., July 12.—Thirty-nine Red Cross nurses passed through here last night going direct to Port Tampa. About 500 men comprising one company of the First Ohio and two companies each of the Third and Fifth Ohio arrived and joined their respective regiments yesterday. Another expedition will start for Santiago today.

News has been received here that the Spanish ship recently run ashore near Mariel by American scoutboats is not the Alphonso XII, but a large steamship belonging to the Lopez Transatlantic line. The vessel was loaded with ammunition and provisions for the Spaniards, and after attempting to make a landing on the southern coast of Cuba, stole around to the northern side and was attacked and forced ashore by the Wasp and other small vessels doing scout duty. The vessel and cargo cannot be saved.

EXPLOSIVE BULLETS

Spaniards Used Them In Defending Approaches to El Caney.

STORY TOLD BY WOUNDED

Enemy's Utter Disregard For the Flag of the Red Cross.

FIRE ON HOSPITALS

Captain Ducat's Description of a Charge on a Stone Blockhouse by Seventy-Five Men—Only Twenty Answered Roll Call After the Battle—Spaniards Hard Fighters and Treacherous—Raised a Flag of Truce Over a Battery and When the Americans Approached Shot Them Down.

Atlanta, Ga., July 12.—Two hundred and thirty-five sick and wounded soldiers reached the general hospital at Fort McPherson yesterday from Tampa. Among them are several of the rough riders and many members of the Seventy-First New York. The most seriously wounded are Captain Ducat and Lieutenant Lyons of the Twenty-Fourth infantry, whose families are now at Salt Lake, Utah. The doctors are much encouraged by the condition of the men and say they will recover. Many of the wounded men give thrilling accounts of the great fight of July 1, and from several sources, unsolicited, comes the information:

"The Spaniards used explosives and brass bullets."

Disregarded Red Cross Flag.

Dwight Galloupe, chaplain of the Twenty-fourth infantry, of Newark, N. J., is suffering from internal hemorrhage, but he will recover. He told a story of the utter disregard of the Spaniards for the Red Cross flag. "On the afternoon of the 3d," said the chaplain, "I was visiting the wounded in a hospital near the place where the fight was the hottest. A lieutenant (whose name I do not know) was at the other end of the tent looking after some of his men. Suddenly a shell came through the tent and exploded. That officer was torn into shreds. I was hurled fully 60 feet and injured as you see and every man in the tent thrown from his cot."

Fired on Field Hospital.

"The Spaniards took especial delight in firing upon our field hospital. We had to move it seven times on that account. One of the surgeons was killed while dressing the wound of a soldier. In the hasty retreat, which the enemy's fire made necessary, from the first hospital a lot of our wounded were left behind and all of them were killed."

Several of the new arrivals say the reported suffering of Spanish soldiers is greatly exaggerated.

"The Spanish soldiers get better food than ours do," said one of the men. "The children of Santiago are suffering, but the soldiers are getting the fat of the land."

"They are hard fighters," he continued, "but very treacherous. Once during the early part of the battle a white flag was thrown upon one of their batteries. Our men approached it as a matter of course, but were shot down when they drew near."

Captain Ducat's Story.

Captain Ducat of the Twenty-fourth infantry, is shot through the thigh and his right leg is partially paralyzed. Propped up on a cot he told a press representative a story of the bitter fight which resulted in the wounding of himself and his first officer, Lieutenant Lyons, and the loss of many privates.

On the first day of the fighting near El Caney, Captain Lyons with 75 men, set out to take a stone blockhouse at the top of a steep hill. Safely housed behind the stone walls of the house, 60 Spaniards poured in a murderous fire on the plucky Americans as they entered the narrow path leading up the hill. Step by step the men forged ahead, their comrades falling every minute. By the time the top of the hill was reached but 22 of the band remained.

Hand to Hand Conflict.

With a shout they forced their way into the coveted stronghold and in a desperate hand to hand fight with revolvers succeeded in scattering the Spaniards. Captain Ducat and Lieutenant Lyons received the wounds at close range. Of the 75 men but 20 answered the roll call.

"Johnny" Bigelow of the Ninth infantry, a brother of Poultry Bigelow is wounded in four places—a part of his jaw being torn away. All are bitter in their denunciation of "explosive bullets."

Spanish Torpedoboots.

London, July 12.—Advices received here from Grand Canary island, the center of the Canaries group, dated July 2, say one Spanish torpedoboot is there and two others are understood to be in the neighboring islands. Matters are quiet and the reserve are still under arms.

NATIONAL MILITARY PARK.

Satisfactory Water Supply Provided For at Chickamauga.

Chickamauga National Military Park, Ga., July 12.—The water supply for the great army here has been satisfactorily provided for. General Boynton of the park commission, stated yesterday that the five well digging outfits at the park would sink at once an artesian well in every one of the regimental camps not now having one, and this, in addition to the water received from Chickamauga river by the pipeline, will give an ample supply for a much larger force than is here now.

Orders reached General Brooke yesterday from the war department to forward the recruits for the Wisconsin and Sixteenth Pennsylvania regiments which left here last week supposedly to go at once to Cuba. These men, together with the wagon trains for three regiments left this morning for Charleston.

Orders were also received detailing the departure of the First Ohio cavalry until tomorrow morning. The regiment is thoroughly equipped and belongings all packed ready for departure. They are to go to Tampa.

General Sanger, commanding the Third division of the Third corps, has issued an order directing regimental commanders to report to him all the sharpshooters in their commands, which are to be formed into companies of sharpshooters for use in case the Spaniards keep up the practice begun at Santiago.

It was stated today on the authority of a high official that the Second division of the First corps under General Poland has been designated as an expedition for Porto Rico and that the division would be disposed of at as early a date as possible.

Cervera and His Officers.

Washington, July 12.—Captain Cooper, superintendent of the Naval Academy at Annapolis, spent some time with Secretary Long yesterday afternoon, going over the question of caring for the Spanish naval prisoners, including Admiral Cervera, who are to be quartered at the academy. A complete understanding was reached by which the Spanish officers will receive every consideration consistent with their rank. While relieving the prisoners from all undue humiliation, there will be no disposition to bestow such effusive courtesy as to place them in the light of heroes.

Conferred With the President.

Washington, July 12.—The French ambassador called on the president yesterday. His call naturally excited much comment, and led to reports that Spain had asked for peace through French channels. The subject discussed by the ambassador will be made known in the course of a few days in connection with an interesting occasion, the details of which cannot now be made public, but which, when disclosed, will show that the conference did not relate to the war in any aspect.

Renounced the Will.

Chicago, July 12.—Mrs. George M. Pullman, in accordance with her intention expressed some time since, yesterday filed in the probate court her formal renunciation of benefits under her late husband's will. This is preliminary to making claim to her share of the estate under her dower rights.

To Embark Refugees.

Fort de France, Island of Martinique, July 12.—The French cruiser Rigault de Genoeville has sailed for Santiago de Cuba and thence to Juragu, in order to embark French refugees if necessary.

UNPRECEDENT.

United States Senator on Trial On a Criminal Charge.

Wilmington, Del., July 12.—A trial probably unprecedented in the annals of this country, that of a member of the United States senate on a criminal charge began in the United States circuit court in this city yesterday afternoon before Judge Edward G. Bradford. The defendant is Richard Rollin Kenney of Dover, junior United States senator from Delaware, indicted upon a charge of aiding and abetting William N. Boggs, who has confessed to robbing the First National bank of Dover, of which institution he was paying teller, of the sum of \$107,000. The counts in the indictment to which Senator Kenney pleaded not guilty, charge him with aiding and abetting Boggs to the extent of about \$3,500.

ODD FELLOWS' HOME

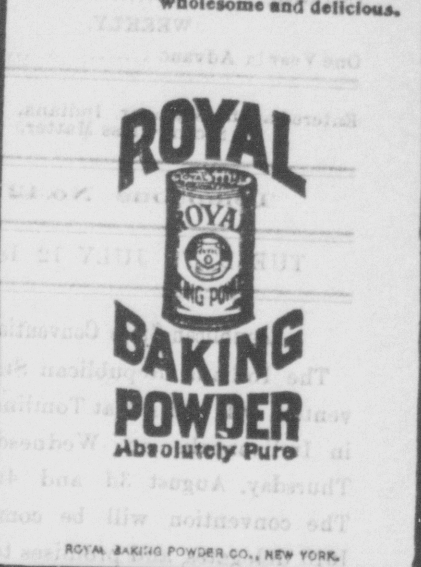

Kentucky Subordinate Lodges Will Each Furnish Rooms.

Lexington, Ky., July 12.—Mrs. E. F. Clay has been elected matron of the new Odd Fellows' Orphans' and Widows' Home in this city. The remodeling of the building has begun, and will be completed by the middle of next month. Several lodges throughout the state have signified their desire to furnish a room each in the home. The requests have been granted. The rooms are to be furnished uniformly, and the name of the lodge furnishing the room will be placed on the wall.

Internal Revenue Commissioner's Ruling.

Washington, July 12.—The commissioner of internal revenue has made a ruling to the effect that all indemnity bonds must have affixed to them a 50-cent revenue stamp under the new law, and, in addition, stamps must be affixed representing 1/2 of 1 cent for each \$1 or fraction thereof paid by the principal obligor of the company or other surety as a premium for the bond. A bond for \$12,000 therefore, on which a guarantee company had charged a premium of 8 per cent, must have affixed \$2.30 in stamps.

RANGE FINDING SHOTS

Strike a Church Stored With Powder.

Off Santiago de Cuba, via Playa del Este, July 12.—After several range finding shots over the ridge protecting Santiago from the sea, yesterday the United States cruiser Newark opened fire into the city with her 8-inch guns. The signal corps officers, stationed on top of the ridge, reported the effect of the shots. The New York, Brooklyn and Indiana participated in the firing, at intervals of 5 minutes.

The bombardment lasted for two hours when General Shafter reported that the shells were mostly falling in the bay and doing but little damage.

The last shot, however, struck a prominent church in the heart of the city which was heavily stored with powder and ammunition, causing a tremendous explosion. The extent of the damage is not known. Then the warships ceased firing.

SWINDLER ARRESTED

He Operated as a Capitalist Under Many Aliases.

Chicago, July 12.—Joseph Green, who was the partner of Edward J. Trask, the swindler who is now in Joliet penitentiary, is in the county jail, having been arrested yesterday on five indictments charging fraud and swindling. When Trask was convicted Green was held to the grand jury, but became a fugitive after giving \$10,000 bail. Under the aliases of Philip F. Green, John P. Gott and C. C. Best, it is said that Green, after his partners' conviction, operated as a "capitalist." His victims are alleged to be in New York, Kansas City and New Orleans principally.

MILES AT SANTIAGO.

Confers With Admiral Sampson and General Shafter.

Washington, July 12.—The war department was advised late last night of the arrival off Santiago yesterday of the auxiliary cruiser Yale with General Miles and his staff and a portion of Garretson's brigade. General Miles had a conference with Admiral Sampson and later conferred with General Shafter by means of the signal service telephone wires.

OFFICIALS SATISFIED.

With Shafter's Delay in Hostilities at Santiago.

Washington, July 12.—The war department waited all day yesterday with the expectation of hearing from Shafter that the bombardment of Santiago had begun, but no word to that effect came up to the time the department closed, and though there is little reason to doubt that the general carried out the programme of which he had notified the department, it was regarded as possible that he had consented to a further extension under the flag of truce in view of certain signs of weakening on the part of the Spanish commander. It was that General Miles, with additional reinforcements on the Yale, arrived at Siboney yesterday, and it is expected the assault upon the town proper will be prosecuted at once with the greatest energy and determination.

OFFICIALS SATISFIED.

The officials here are satisfied that what appears to be delay on the part of General Shafter was really caused by his efforts to carry out strictly the president's injunction to prevent the Spanish army from escaping from Santiago. He might have attacked the town several days ago with the result that if the Spanish were overcome they would have retreated without obstruction to the northwest, beyond the reach of our soldiers to follow. His recent dispatches indicate clearly that he has been trying to complete his line of investment so as to prevent such an escape and as he appears to feel satisfied that he has accomplished this the final assault will not be delayed much longer. General Shafter is disposed to save every life possible in the war, probably having in mind the particularly large proportion of killed, wounded and missing compared to the total strength of his army in the battle of Caney, which the official figures, promulgated yesterday, shows was exceptional in modern warfare. It is to save our troops that he desires to make a free use of artillery before the assault proper begins and also to secure the co-operation of the navy in the attack.

The cable communication between Washington and General Shafter's headquarters has now been gotten into excellent condition, so that it has been possible to receive at the department a message within 20 minutes after it had been dispatched by General Shafter. Colonel Allen, who is in charge at General Shafter's end of the line, has reported to the department that he is now engaged in laying a cable from Guantanamo to Playa del Este, which will further reduce the time required for the exchange of communications.

VIOLATED RULES OF WAR.

Naval officials say that a serious irregularity occurred at the time the ships of Admiral Cervera's fleet hauled down their colors and surrendered. Inquiries have brought out the fact that breach blocks of the guns were thrown overboard, thus disabling the guns and making them practically worthless and the valves by which the ships were flooded opened after surrender when, under the rules of warfare, the enemy had ceased fighting and had asked for quarter. It is said that further destruction to the ships at such a time was both wanton and dishonorable, and that if the persons responsible for it are located they are likely to be held accountable.

NOT THE ALPHONSO XII.

But a Spanish Supply Ship That Was Run Ashore at Mariel.

Tampa, Fla., July 12.—Thirty-nine Red Cross nurses passed through here last night going direct to Port Tampa. About 300 men comprising one company of the First Ohio and two companies each of the Third and Fifth Ohio arrived and joined their respective regiments yesterday. Another expedition will start for Santiago today.

News has been received here that the Spanish ship recently run ashore near Mariel by American scoutboats is not the Alfonso XII, but a large steamship belonging to the Lopez Transatlantic line. The vessel was loaded with ammunition and provisions for the Spaniards, and after attempting to make a landing on the southern coast of Cuba, she was attacked and forced ashore by the Wasp and other small vessels doing scout duty. The vessel and cargo cannot be saved.

EXPLOSIVE BULLETS

Spaniards Used Them In Defending Approaches to El Caney.

STORY TOLD BY WOUNDED

Enemy's Utter Disregard For the Flag of the Red Cross.

FIRE ON HOSPITALS

Captain Ducat's Description of a Charge on a Stone Blockhouse by Seventy-Five Men—Only Twenty Answered Roll Call After the Battle—Spaniards Hard Fighters and Treacherous—Raised a Flag of Truce Over a Battery and When the Americans Approached Shot Them Down.

Atlanta, Ga., July 12.—Two hundred and thirty-five sick and wounded soldiers reached the general hospital at Fort McPherson yesterday from Tampa. Among them are several of the rough riders and many members of the Seventy-First New York. The most seriously wounded are Captain Ducat and Lieutenant Lyons of the Twenty-Fourth infantry, whose families are now at Salt Lake, Utah. The doctors are much encouraged by the condition of the men and say they will recover. Many of the wounded men give thrilling accounts of the great fight of July 1, and from several sources, unsolicited, comes the information:

"The Spaniards used explosives and brass bullets."

Disregarded Red Cross Flag.

Dwight Galloppe, chaplain of the Twenty-fourth infantry, of Newark, N. J., is suffering from internal hemorrhage, but he will recover. He told a story of the utter disregard of the Spaniards for the Red Cross flag. "On the afternoon of the 3d," said the chaplain, "I was visiting the wounded in a hospital near the place where the fight was the hottest. A lieutenant (whose name I do not know) was at the other end of the tent looking after some of his men. Suddenly a shell came through the tent and exploded. That officer was torn into shreds. I was hurled fully 50 feet and injured as you see and every man in the tent thrown from his cot.

Fired on Field Hospital.

"The Spaniards took especial delight in firing upon our field hospital. We had to move it seven times on that account. One of the surgeons was killed while dressing the wound of a soldier. In the last retreat, which the enemy's fire made necessary, from the first hospital a lot of our wounded were left behind and all of them were killed."

Several of the new arrivals say the reported suffering of Spanish soldiers is greatly exaggerated.

"The Spanish soldiers get better food than ours do," said one of the men.

"The children of Santiago are suffering, but the soldiers are getting the fat of the land."

"They are hard fighters," he continued, "but very treacherous. Once during the early part of the battle a white flag was thrown upon one of their batteries. Our men approached it as a matter of course, but were shot down when they drew near."

Captain Ducat's Story.

Captain Ducat of the Twenty-fourth infantry, is shot through the thigh and his right leg is partially paralyzed. Propped up on a cot he told a press representative a story of the bitter fight which resulted in the wounding of himself and his first officer, Lieutenant Lyons, and the loss of many privates. On the first day of the fighting near El Caney, Captain Lyons with 75 men, set out to take a stone blockhouse at the top of a steep hill. Safely housed behind the stone walls of the house, 60 Spaniards poured in a murderous fire on the plucky Americans as they entered the narrow path leading up the hill. Step by step the men forged ahead, their comrades falling every minute. By the time the top of the hill was reached but 22 of the band remained.

Hand to Hand Conflict.

With a shout they forced their way into the coveted stronghold and in a desperate hand to hand fight with the Spaniards, Captain Ducat and Lieutenant Lyons received the wounds at close range. Of the 75 men but 20 answered the roll call.

"Johnny" Bigelow of the Ninth infantry, a brother of Pontney Bigelow is wounded in four places—a part of his jaw being torn away. All are bitter in their denunciation of "explosive bullets."

Spanish Torpedoboots.

London, July 12.—Advices received here from Grand Canary island, the center of the Canaries group, dated July 2, say one Spanish torpedoboot is there and two others are understood to be in the neighboring islands. Matters are quiet and the reserve are still under arms.

NATIONAL MILITARY PARK.

Satisfactory Water Supply Provided For at Chickamauga.

Chickamauga National Military Park, Ga., July 12.—The water supply for the great army here has been satisfactorily provided for. General Boynton of the park commission, stated yesterday that the five well digging outfits at the park would sink at once an artesian well in every one of the regimental camps not now having one, and this, in addition to the water received from Chickamauga river by the pipeline, will give an ample supply for a much larger force than is here now.

Orders reached General Brooke yesterday from the war department to forward the recruits for the Wisconsin and Sixteenth Pennsylvania regiments which left here last week supposedly to go to Cuba. These men, together with the wagon trains for three regiments left this morning for Charleston.

Orders were also received detailing the departure of the First Ohio cavalry until tomorrow morning. The regiment is thoroughly equipped and belongings all packed ready for departure. They are to go to Tampa.

General Sanger, commanding the Third division of the Third corps, has issued an order directing regimental commanders to report to him all the sharpshooters in their commands, which are to be formed into companies of sharpshooters for use in case the Spaniards keep up the practice begun at Santiago.

It was stated today on the authority of a high official that the Second division of the First corps under General Poland has been designated as an expedition for Porto Rico and that the division would be disposed of as early as a date possible.

Cervera and His Officers.

Washington, July 12.—Captain Cooper, superintendent of the Naval academy at Annapolis, spent some time with Secretary Long yesterday afternoon, going over the question of caring for the Spanish naval prisoners, including Admiral Cervera, who are to be quartered at the academy. A complete understanding was reached by which the Spanish officers will receive every consideration consistent with their rank. While relieving the prisoners from all undue humiliation, there will be no disposition to bestow such effusive courtesy as to place them in the light of heromartyrs.

Conferred With the President.

Washington, July 12.—The French ambassador called on the president yesterday. His call naturally excited much comment, and led to reports that Spain had asked for peace through French channels. The subject discussed by the ambassador will be made known in the course of a few days in connection with an interesting occasion, the details of which cannot now be made public, but which, when disclosed, will show that the conference did not relate to the war in any aspect.

Renounced the Will.

Chicago, July 12.—Mrs. George M. Pullman, in accordance with her intention expressed some time since, yesterday filed in the probate court her formal renunciation of benefits under her late husband's will. This is preliminary to making claim to her share of the estate under her dower rights.

To Embark Refugees.

Fort de France, Island of Martinique, July 12.—The French cruiser Rigault de Genouilly has sailed for Santiago de Cuba and thence to Jragua, in order to embark French refugees if necessary.

UNPRECEDENT.

United States Senator on Trial On a Criminal Charge.

Wilmington, Del., July 12.—A trial probably unprecedented in the annals of this country, that of a member of the United States senate on a criminal charge began in the United States circuit court in this city yesterday afternoon before Judge Edward G. Bradford. The defendant is Richard Rollin Kenney of Dover, junior United States senator from Delaware, indicted upon a charge of aiding and abetting William N. Boggs, who has confessed to robbing the First National bank of Dover, of the sum of \$107,000. The counts in the indictment to which Senator Kenney pleaded not guilty, charge him with aiding and abetting Boggs to the extent of about \$3,500.

ODD FELLOWS' HOME

Kentucky Subordinate Lodges Will Each Furnish Rooms.

Lexington, Ky., July 12.—Mrs. E. F. Clay has been elected matron of the new Odd Fellows' Orphans' and Widows' Home in this city. The remodeling of the building has begun, and will be completed by the middle of next month. Several lodges throughout the state have signified their desire to furnish a room each in the home. The requests have been granted. The rooms are to be furnished uniformly, and the name of the lodge furnishing the room will be placed on the wall.

Internal Revenue Commissioner's Ruling.

Washington, July 12.—The commissioner of internal revenue has made a ruling to the effect that all indemnity bonds must have affixed to them a 50-cent revenue stamp under the new law and, in addition, stamps must be affixed representing 1/2 of 1 cent for each \$1 or fraction thereof paid by the principal obligor of the company or other surety as a premium for the bond. A bond for \$12,000 therefore, on which a guarantee company had charged a premium of 8 per cent, must have affixed \$2.30 in stamps.

RANGE FINDING SHOTS

Strike a Church Stored With Powder.

Off Santiago de Cuba, via Playa del Este, July 12.—After several range finding shots over the ridge protecting Santiago from the sea, yesterday the United States cruiser Newark opened fire into the city with her 8-inch guns. The signal corps officers, stationed on top of the ridge, reported the effect of the shots. The New York, Brooklyn and Indiana participated in the firing, at intervals of 5 minutes.

The bombardment lasted for two hours when General Shafter reported that the shells were mostly falling in the bay and doing but little damage.

The last shot, however, struck a prominent church in the heart of the city which was heavily stored with powder and ammunition, causing a tremendous explosion. The extent of the damage is not known. Then the warships ceased firing.

SWINDLER ARRESTED

He Operated as a Capitalist Under Many Aliases.

Chicago, July 12.—Joseph Green, who was the partner of Edward J. Trask, the swindler who is now in Joliet penitentiary, is in the county jail, having been arrested yesterday on five indictments charging fraud and swindling. When Trask was convicted Green was held to the grand jury, but became a fugitive after giving \$10,000 bail. Under the aliases of Philip F. Green, John P. Gott and C. C. Best, it is said that Green, after his partners conviction, operated as a "capitalist." His victims are alleged to be in New York, Kansas City and New Orleans principally.

It is said that Australian shepherds can foretell the weather from the condition of the wool on the backs of their sheep. An increase in the curliness indicates better weather.

Nearly 200 patents have been issued for horseshoes, but not one of the inventions has ever come into general use.

SYRUP OF FIGS

NEVER IMITATED QUALITY.

THE EXCELLENCE OF SYRUP OF FIGS

Chronic Dyspepsia Cured.
After suffering for nearly thirty years from dyspepsia, Mrs. E. E. Durdale, wife of a prominent business man of Warsaw, N. Y., writes: "For 23 years, I was a constant sufferer from dyspepsia and a weak stomach. The lightest food produced distress, causing severe pain and the formation of gas. No matter how careful of my diet I suffered agonizing pain after eating. I was treated by many physicians and tried numerous remedies without permanent help. Two years ago I began taking Dr. Miles' Nervine and Liver Pills and Nerve. Within a week I commenced improving, and persisting in the treatment I was soon able to eat what I liked, with no evil effects. I keep them at hand and a single dose dispels any old symptoms."

Arrangements have been made with all railroads in Indiana for special rates to the Convention particulars of which will be announced later.

Spain apparently is trying to find some way to let go. If she will be patient a little longer Uncle Sam will help her.

It will require a much larger standing army than formerly to garrison, even temporarily, the numerous islands which have come into the possession of the United States as a result of this war. The probability is that many of the volunteer troops will be retained as a part of the regular army after the war has ended.

Milhoes Given Away.
It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on W. F. Peter, druggist, and get a trial bottle free. Regular size 50c and \$1. Every bottle guaranteed, or price refunded.

Practice March By the 159th.
The 3rd battalion composed of Co's C, H, G and L, led by Major Loudon made a practice march of five miles last Thursday which severely tried the mettle of all the men engaged in it, charging through the wood a full one half mile in making the advance at double time. Major Loudon, riding to the top of the hill, saw the 1st battalion approaching and rapidly changing front made such disposition of the troops as to make an excellent ambushade in the woods lining the roadside. The 1st battalion came on in perfect order and without suspecting the fact that the enemy was in their immediate vicinity. Suddenly in response to a ringing command to charge, from Major Loudon, the woods and road were alive with rapidly moving bodies of troops, and without a shot being fired the 1st battalion were taken prisoners by the 3rd.

A Clever Trick.
It certainly looks like it, but there is no trick about it. Anybody can try it who has Lamé Back and Weak Kidneys' Malerial or Nervous Troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, and acts as a stimulant to Liver and Kidneys; it is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative and restores the system to its natural vigor. Try Electric Bitters and be convinced that that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at W. F. Peter's drug store.

NEW WORDS NEEDED.

English Demand For Such Combinations as "Killment" and "Lovist."

There is one thing that has not yet been "treated" by the universal improver—that pest who tries to set everything right—and that is our English language. None but foreigners have as yet had cause to complain of it, every Britisher seems to be satisfied with it—except me.

Now, why aren't there more words? We have something like 150,000, but that is not enough, and we often experience difficulties on this account.

For instance, when a bus topples over in the street the newspapers boom out with long winded headings about "the falling over of a bus," "collapse of a bus," or "the overturning of a bus," etc. But these are more or less clumsy. Clearly it's the word "overturnment" that is wanted. "The overturnment of a bus" hits the situation perfectly.

Then, again, if you want to say that a hundred Gordon highlanders were annihilated by an Arab tribe, you could considerably shorten your sentence by the concise expression, "Arab killment of 100 Gordon highlanders."

Thousands of colloquialisms could be modified in a similar way. The awkward word photograph could be changed to "totofy," "puncture" to "punk," cigarette to "cigarette," situation to "sition" or "sitution," and so on.

In more sentimental matters new words would be a decided boon. A man somehow can't help blushing when he calls the woman of his heart "sweetheart," "lover" or "intended." They are ugly words. "My girl," of course, is low, and "fiancee" is avoided because it cannot be pronounced properly. "Lovist," "spilcer" or "matcher" are infinitely more tasteful and convey the proper meaning.—London Answers.

Fame Kept Alive by Flowers.
In St. Nicholas there is an article on "Flower Names," written by Ella F. Mosby. The author says:

Some of the roses have French historic names, as the Souvenir de Malmaison, and the splendid Jacquemont, the soldier

Who shared in Napoleon's glory, And dreamed that his sword had won his fame!

Ah, the fate of a man is past discerning! Little did Jacquemont suppose That his fame would rest in the heart of a rose!

What could be lovelier indeed than to have one's memory kept alive by a flower, as has been the fortune of the botanists Fuchs, Kalm, L'Obel, Dahl and Magnol, who would have been forgotten long ago but for the fuchsia and kalmia, the lobelia, dahlia and magnolia of our gardens and forests.

His Own Work.

The vanity of a certain well known painter is ridiculed in a story told of him. It relates that the painter was traveling in a train through the mountains, and as the weather was warm and the painter had not had enough sleep the night before he dozed in his seat.

He had a traveling companion, who insisted upon talking to him nevertheless, and as the train passed a fine prospect exclaimed:

"Look, look! What a beautiful landscape!"
"Yep," grunted the painter, dreaming, and hearing a "shop" phrase, "I painted it myself."—Youth's Companion.

ALLEGED MURDERERS

Placed on Trial For the Killing of Mrs. Stoltz.

THOMAS KING DISAPPEARS

Sergeant McHenry, Who Has Been Published as a Deserter, Believed to Be a Victim of Circumstances—Shot by a Sharpshooter—Enforcing the Dog Tax Law—Impaled on a Fork.

Portland, Ind., July 12.—The case of Samuel H. Marshall and Albert Musser, accused of having murdered and robbed Mrs. Louisa Stoltz last February, was brought up for trial this morning in the Jay circuit court. Marshall was arrested at Monmouth, Ill., and Musser was found at East St. Louis. Musser has been confined in the Winchester jail since his arrest and Marshall has been incarcerated in the Decatur jail, the Jay county jail being unsafe for the retention of such important prisoners.

WINE AND WOMEN.

Bring About the Fall, It Is Alleged, of a County Superintendent.

Bloomington, Ind., July 12.—Thomas J. King, school superintendent of Monroe county has disappeared. It has been known that King was reckless in his personal habits, but it was not known until his disappearance that he was heavily involved. It now develops that there is a mortgage on his wife's farm for \$1,600, the signature to which she alleges is a forgery and it has been discovered that the notary seal is fraudulent. Sometime ago King's father, it is said, was compelled to pay a note in bank for \$700 to which there was two forged signatures. After King's departure numerous notes and accounts kept coming to light until the amount aggregated \$5,000. Some of this had been borrowed from trustees. It is charged that wine and women was the cause of his downfall.

SERGEANT MCHENRY.

Published as a Deserter, but Is Believed to Be a Victim of Circumstances.

Huntington, Ind., July 12.—Sergeant McHenry of this county, a member of the One Hundred and Fifty-eighth Indiana and who has been published as a deserter, is undoubtedly a victim of circumstances. When the war broke out McHenry promptly joined his company and went to the front, leaving his young wife with her parents in this city. Soon after his wife was taken seriously ill and, her condition becoming alarming, McHenry obtained a furlough and came home. Mrs. McHenry improved and her husband, at the earliest possible moment, left to join his regiment. If he has not reached his regiment his friends fear that something has happened to him. Sergeant McHenry and wife came here from Fulton county. He belonged to the Rochester company.

Tents For the Knights.

Indianapolis, July 12.—The Knights of Pythias executive committee last fall contracted with a Cleveland firm for the rent of 3,100 tents at an extremely low figure. Since the war commenced the firm has intimated that it would like to cancel the contract, owing to heavy orders from the government. The committee has been under some apprehension regarding the matter, but yesterday this was removed by receiving word from the firm that it would fill its contract to the letter.

Shot by a Sharpshooter.

Liberty, Ind., July 12.—Word has been received that George Hitchner of this county was killed in the battle of Santiago de Cuba. Hitchner was one of the detail to cut the wire barricades erected by the Spanish, and he was shot by a sharpshooter while thus engaged. He was 22 years old and the son of a well-to-do farmer living near here.

Fell From a Train.

Wellsville, Ind., July 12.—An unknown man fell from a Chicago and Grand Trunk train here, dying of internal injuries. Papers in his possession indicated that he was on his way to Minnesota to make his home with a daughter.

Impaled on a Fork.

Milgrove, Ind., July 12.—Lemon Barnes, accompanied by his son Harry, was taking a load of hay to Hartford City, when his wagon ran into a wash-out on the road. The load upset and the boy was impaled on a fork, the tines passing through his body near the heart.

Was on the La Bourgoigne.

Eaton, Ind., July 12.—This place had a representative on board the ill fated La Bourgoigne. He was William Schmitt, a glass blower and was on his way to Antwerp, Paris and Madrid.

Shot His Jaw Away.

Elwood, Ind., July 12.—Isaac Cox, a glassworker, while camping on the river bank, had a portion of his jaw shot away by an accidental explosion of a revolver. He was frightfully injured.

Enforcing Dog Tax Law.

Huntington, Ind., July 12.—Eighty affidavits have been filed against owners of dogs who refused to pay the dog tax. Among the number are prominent and well known citizens.

POWHATAN PIPES.

Made From a Peculiar Kind of Virginia Clay and Made Sweet by Fire.

The old coasting captain was gazing upon a crudely shaped red clay pipe which he smoked at the end of a long, many jointed reed stem, while he filled the ears of the observant Jerseyman with his praises.

"If you want the sweetest pipe in the world," he said, "you must get one of these. They are the original Powhatan pipes, made in Powhatan county, Va., out of a peculiar blue clay which is found there in little nodules and finished in a peculiar way."

"The genuine Powhatan pipe can never be found north of Baltimore, and it is easier to get one in Norfolk than in Baltimore. If you begin smoking one, you will discard your meerschaums and briar woods and smoke nothing else. When it gets strong, you merely put it into the fire and burn it sweet again. The imitation Powhatan pipes would crack to pieces if you try to burn them sweet, but the genuine can be thrust in safely right into the better coals, although, of course, it is better to let them heat more gradually."

Under the stimulus of this praise the observant Jerseyman sent a friend in Norfolk for half a dozen of the pipes. After a time he received them, with a bill for 75 cents for the pipes and \$5 for the trouble of finding them.

"If you had not told me that the pipes sold two for a quarter," his friend wrote, "I should never have got the right kind of pipe. I went to almost every tobacconist in Norfolk hunting for them. Each one showed me a pipe which looked about the same as these, but was only 10 cents. Finally, one day, after I had about given up the search, I happened to mention it to a longshoreman. 'There is only one shop in Norfolk,' he said, 'where you can get the genuine Powhatan pipe. That is a little place down along the river front. He gave me the address, and there I found them.'"

The observant Jerseyman has smoked the Powhatan pipe many times since then, and he still believes the old captain's praise was warranted. On the caution label which came about each pipe it is said that the peculiar qualities of the genuine pipes are due to the fact that they are finished by hand polishing instead of a glazing, thus leaving to the clay all of its natural porosity and absorbent qualities.—New York Sun.

A "Daisy."

"You are a daisy," is used by Dickens in "David Copperfield" in the sense of calling a person a daisy in the way to express admiration and at the same time to laugh at one's credulity. Steerforth says to young Copperfield: "David, my daisy, you are so innocent of the world. Let me call you my daisy, as it is so refreshing to find one in these corrupt days so innocent and unsophisticated. My dear Copperfield, the daisies of the field are not fresher than you."

Prof. Schneider, of Berea, O., will lecture at the German M. E. church this evening on the subject "Character Building." The lecture will be delivered in the German language.

Joseph Hibner has been in bad health for more than two years and nearly blind the last twelve months, he has bought and sold eleven thousand and five hundred dollars worth of goods at his little store during the last fifteen months.

The one practical and sensible way to get through the hot weather without suffering so much from its evil effects is not to worry about it. Half the inconvenience of the summer season is due to the amount of worrying people do over conditions that are inevitable and things that are determined to look after themselves and have their own way. Talking about the heat doesn't make the weather any cooler and fretting about it doesn't make it any easier to bear.

PROBABLE ESCAPE.

OF THE SPANISH ARMY FROM SANTIAGO.

Total Takes Advantage of the Truce to Spirit His Troops Away—New Philippine Expedition.

WASHINGTON, July 12.—The following dispatch from Gen. Shafter was received here at 9:30 o'clock a. m.

PLAYS DEL ESTE, via Hayti, July 12.—Headquarters Fifth Army Corps.—Adjutant General, Washington: It has been very quiet, but little fighting.

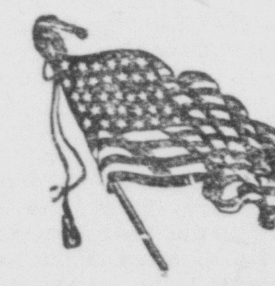

A flag of truce up since 2 o'clock, considering proposition for surrendering, now that I have town surrounded on the north; lines completed at 5 p. m. by Gen. Ludlow right down to the bay. The line is rather thin, but will have it strengthened in the morning by Gen. Henry, who has just arrived at headquarters.

Only three or four casualties. No one killed as far as I can learn. Expect to have two of the new batteries in position tomorrow.

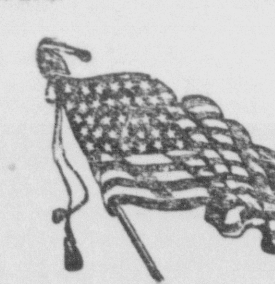

Great deal of suffering among the people who have gone out of Santiago. Am doing my best to relieve it, but not entirely successful. SHAFER.

It seems likely that Gen. Shafter's indulgences to the Spanish commander in so long extending the time for negotiations has been rewarded by a characteristic bit of Spanish craftiness. According to the latest news from the front, Gen. Shafter believes that Gen. Toral has slipped out of Santiago to the westward with all his men and arms, leaving a sacked and deserted city as the only trophy of the American army.

Gen. Toral's course in encouraging non-combatants to seek shelter in the American lines, the fact that Spanish soldiers have been pillaging the city, the evacuation of Aguadores by the Spaniards leaving dummy guns in their intrenchments, the feebleness of the Spanish reply to the brief bombardment Sunday afternoon—these and other things tend to confirm the reports that the Spanish General, while asking time to negotiate for surrender, has been withdrawing his troops to the westward.

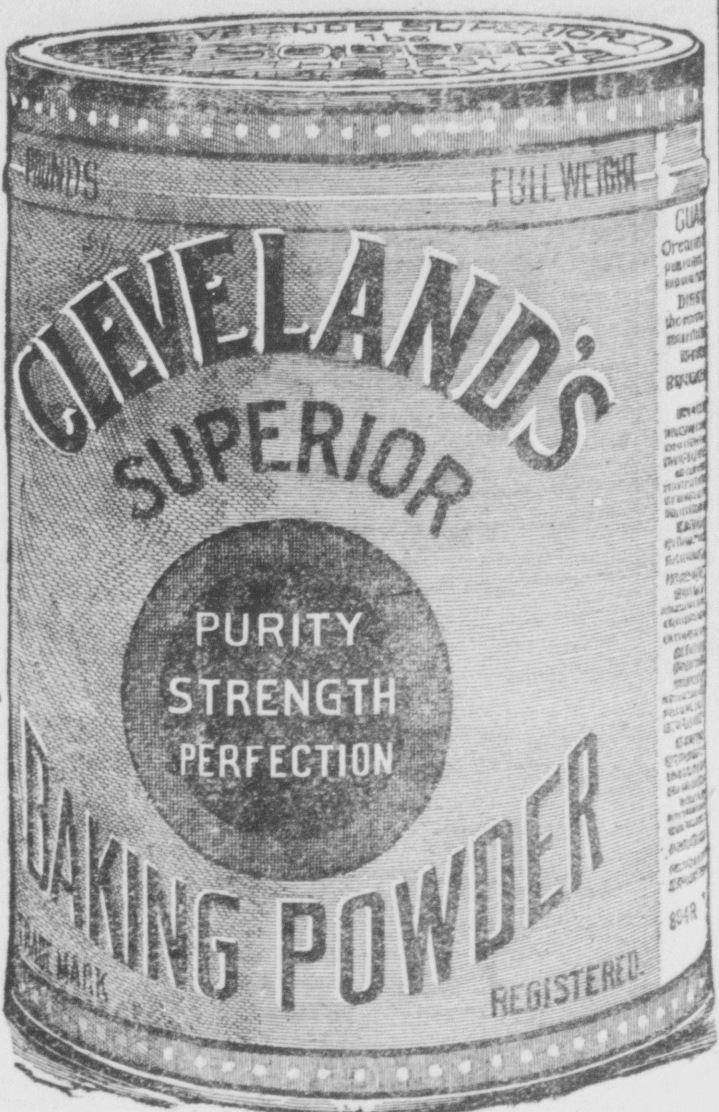

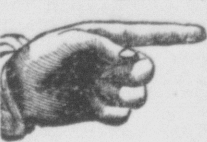

Two more transports with troops for Manila will leave San Francisco this week, probably on Thursday. Maj. Otis and staff will be with this expedition. Gen. Otis will stop at Honolulu and formally take possession in the name of the United States.

The oil tanks of the Standard Oil Co. at Columbus were destroyed by fire yesterday morning. Loss about \$1,500. No insurance.

INDIANA FOLKS HONORED.

They Have the Best Line Selected as their Official Route.

Indiana folks who attend the Seventeenth International Christian Endeavor convention at Nashville, Tenn., or the National Educational Association Meeting at Washington, D. C., next month will be interested in the announcement that the Pennsylvania Lines have been selected as the official route for both events.

Dr. F. C. Heath, master of transportation Indiana Union Christian Endeavor, Indianapolis, has just issued his official circular naming the Pennsylvania route through Indianapolis and Louisville as the official one for the International Convention at Nashville. The official train will leave Indianapolis over this route at 11 o'clock a. m., July 5th, and go through to Nashville without change, arriving there at 7 p. m. same day.

The hour of departure from Indianapolis, 11 a. m. July 5th, is a convenient one for all Endeavorers and friends to rendezvous at the state capital. Excursion tickets will also be sold for all regular trains over the Pennsylvania Lines July 2d to 5th, inclusive, good returning until July 15th, with privilege to extend return limit until August 1st. Stop-over privileges will be granted to enable excursionists to visit famous Mammoth Cave. There will also be special side trips and excursions from Nashville to Chickamauga National Military Park at Chattanooga arranged for their pleasure. Dr. Heath cordially invites all persons who may desire to make a most delightful trip to place themselves in correspondence with him or district passenger agent W. W. Richardson, of the Pennsylvania Lines, Indianapolis.

For the trip to the National Educational Association Meeting at Washington the state committee consisting of Messrs. W. R. Snyder, Muncie, D. M. Geeting, Indianapolis, and C. F. Patterson, Edinburg, announce in an official circular that the Pennsylvania will be the official route. Low rate tickets will be sold July 3d, 4th, 5th and 6th, with ample return limit. Trains run to the national capital without change from northern, central and southern Indiana, and excursionists may take through trains at stations on the Pennsylvania Lines and make the trip without changing cars, passing through the enchanting panorama of mountain, valley and river scenery formed by the romantic Alleghenies, Horse Shoe Curve, the Ohio, Blue Juniata, Susquehanna and Potomac Rivers. Special side trips to Gettysburg Battlefield, to Camp Alger, Fairfax Court House, Va., where the 159th Indiana Regiment of Volunteers is encamped, to Norfolk, Old Point Comfort and to summer havens by the sea are being planned; also an ocean trip to Boston under the guidance of Professor Patterson, of Edinburg. Particular information regarding rates to Washington and other details will be cheerfully furnished by members of the committee, and by W. W. Richardson, D. P. Agt., Indianapolis.

PROBABLE ESCAPE.

OF THE SPANISH ARMY FROM SANTIAGO.

Total Takes Advantage of the Truce to Spirit His Troops Away.—New Philippine Expedition.

WASHINGTON, July 12.—The following dispatch from Gen. Shafter was received here at 9:30 o'clock a. m.

PLAYA DEL ESTE, via Hayti, July 12.—Headquarters Fifth Army Corps.—Adjutant General, Washington: It has been very quiet, but little fighting.

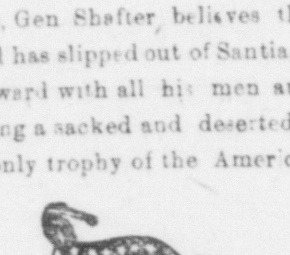

A flag of truce up since 2 o'clock, considering proposition for surrendering, now that I have town surrounded on the north; lines completed at 5 p. m. by Gen. Ludlow right down to the bay. The line is rather thin, but will have it strengthened in the morning by Gen. Henry, who has just arrived at headquarters.

Only three or four casualties. No one killed as far as I can learn. Expect to have two of the new batteries in position tomorrow.

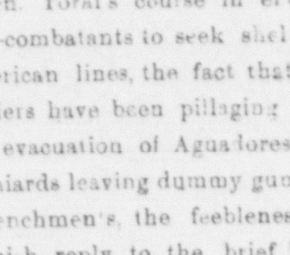

Great deal of suffering among the people who have gone out of Santiago. Am doing my best to relieve it, but not entirely successful. SHAFER.

It seems likely that Gen. Shafter's indulgence to the Spanish commander in so long extending the time for negotiations has been rewarded by a characteristic bit of Spanish craftiness. According to the latest news from the front, Gen. Shafter believes that Gen. Toral has slipped out of Santiago to the westward with all his men and arms, leaving a sacked and deserted city as the only trophy of the American army.

Gen. Toral's course in encouraging non-combatants to seek shelter in the American lines, the fact that Spanish soldiers have been pillaging the city, the evacuation of Aguadores by the Spaniards leaving dummy guns in their latrine trenches, the feebleness of the Spanish reply to the brief bombardment Sunday afternoon—these and other things tend to confirm the reports that the Spanish General, while asking time to negotiate for surrender, has been withdrawing his troops to the westward.

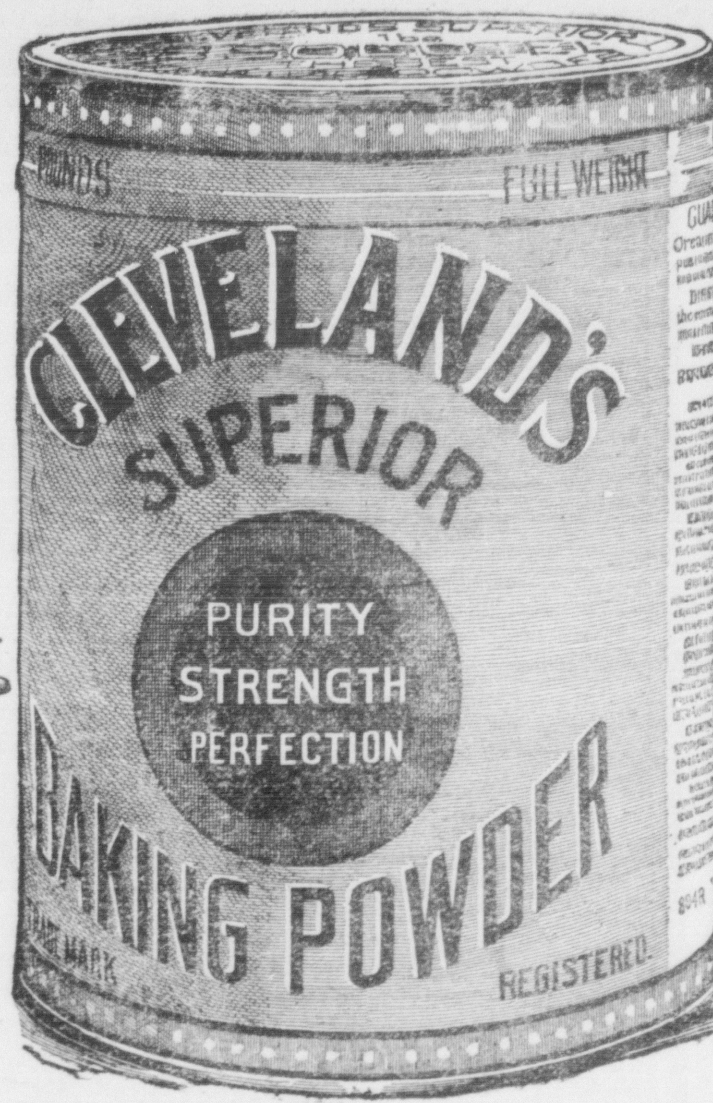

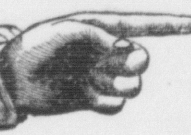

Two more transports with troops for Manila will leave San Francisco this week, probably on Thursday. Maj. Otis and staff will be with this expedition. Gen. Otis will stop at Honolulu and formally take possession in the name of the United States.

The oil tanks of the Standard Oil Co. at Columbus were destroyed by fire yesterday morning. Loss about \$1,500. No insurance.

B. BUSINESS NOTES.

A large safe was last night shipped to Louisville for Harding & Richm.

E. I. Autterhede this morning took a chair in the Bud Pomeroy barber shop.

Joe W. Ryan, of Sandcreek, came to the city today on business with Kessler & Son.

Ewing Stillwell and wife, of the county seat, came up this forenoon on business.

The Blish Milling Company is receiving 3000 bushels of wheat daily by wagons.

C. S. Duncan and Miss Lora Duncan came here this forenoon from Huron on business.

Street commissioner Samuel Welch is filling up the fire cistern on Chestnut and Tipton.

Curtis Downs, on the Schneck farm, had an average of 35 bushels of wheat to the acre.

J. H. Rogers, one of the most successful farmers of State, came up to the city this forenoon on business.

Fred Schneck who has charge of the Schneck farm threshed 1500 bushels of good wheat raised on forty acres.

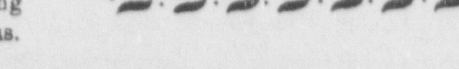

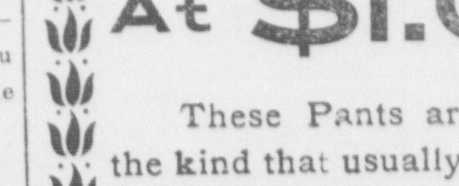

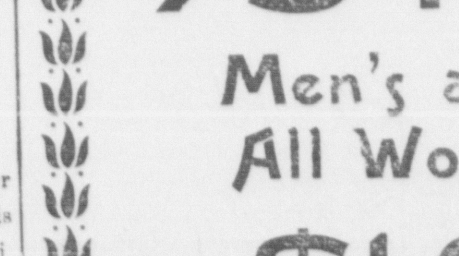

B. F. Wilkinson has moved his family here from the Ridge. He will assist in putting up bridges near the city.

George L. Williams, of the J. M. & I. depot, came home last evening from a visit to Kokomo. His wife is still there.

MARRIED.

John Burke and Miss Maggie Kleber, both of Seymour, were united in marriage at 8 o'clock Tuesday morning July 12, 1898, at Four Corners. The parties are respected. The groom is an employe of the B. & O. S. W. here and the bride has been in the employ of Mrs. Henry Feadler for five years past. She is an industrious young lady and has always been held in high esteem. They will make Seymour their future home. That their wedded life may be pleasant is the wish of their host of friends.

Gen. Toral's course in encouraging non-combatants to seek shelter in the American lines, the fact that Spanish soldiers have been pillaging the city, the evacuation of Aguadores by the Spaniards leaving dummy guns in their latrine trenches, the feebleness of the Spanish reply to the brief bombardment Sunday afternoon—these and other things tend to confirm the reports that the Spanish General, while asking time to negotiate for surrender, has been withdrawing his troops to the westward.

INDIANA FOLKS HONORED.

They Have the Best Line Selected as their Official Route.

Indiana folks who attend the Seventeenth International Christian Endeavor convention at Nashville, Tenn., or the National Educational Association Meeting at Washington, D. C., next month will be interested in the announcement that the Pennsylvania Lines have been selected as the official route for both events.

Dr. F. C. Heath, master of transportation Indiana Union Christian Endeavor, Indianapolis, has just issued his official circular naming the Pennsylvania route through Indianapolis and Louisville as the official one for the International Convention at Nashville. The official train will leave Indianapolis over this route at 11 o'clock a. m., July 5th, and go through to Nashville without change, arriving there at 7 p. m. same day. The hour of departure from Indianapolis, 11 a. m. July 5th, is a convenient one for all Endeavorers and friends to rendezvous at the state capital. Excursion tickets will also be sold for all regular trains over the Pennsylvania Lines July 2d to 5th, inclusive, good returning until July 15th, with privilege to extend return limit until August 1st. Stop-over privileges will be granted to enable excursionists to visit famous Mammoth Cave. There will also be special side trips and excursions from Nashville to Chickamauga National Military Park at Chattanooga arranged for their pleasure. Dr. Heath cordially invites all persons who may desire to make a most delightful trip to place themselves in correspondence with him or district passenger agent W. W. Richardson, of the Pennsylvania Lines, Indianapolis.

For the trip to the National Educational Association Meeting at Washington the state committee consisting of Messrs. W. R. Snyder, Matinee, D. M. Geeting, Indianapolis, and C. F. Patterson, Edinburg, announce in an official circular that the Pennsylvania will be the official route. Low rate tickets will be sold July 3d, 4th, 5th and 6th, with ample return limit. Trains run to the national capital without change from northern, central and southern Indiana, and excursionists may take through trains at stations on the Pennsylvania Lines and make the trip without changing cars, passing through the enchanting panorama of mountain, valley and river scenery formed by the romantic Alleghenies, Horse Shoe Curve, the Ohio, Blue Janata, Susquehanna and Potomac Rivers. Special side trips to Gettysburg Battlefield, to Camp Alger, Fairfax Court House, Va., where the 139th Indiana Regiment of Volunteers is encamped, to Norfolk, Old Point Comfort and to summer havens by the sea are being planned; also an ocean trip to Boston under the guidance of Professor Patterson, of Edinburg. Particular information regarding rates to Washington and other details will be cheerfully furnished by members of the committee, and by W. W. Richardson, D. P. Agt., Indianapolis.

CRISIS IN SPAIN

The Sagasta Cabinet Tender Its Resignation to the Queen Regent.

CONDITIONS OF PEACE

Madrid Dispatch as to the United States Demands.

GEN. MILES AT SANTIAGO

Energetic Assault on the City Expected.

Cable Communications Can Now Be Had With the Front Every Twenty Minutes—Spaniards Disabled and Scattered Their Ships After Surrendering—More Troops Will Sail For Manila Thursday. News From Chickamauga National Military Park as to the Movement of Troops—Satisfactory Water Supply Now Provided For—Senator Du Bose Requested by the Canadian Government to Take His Departure—Was Not the Alfonso That Was Run Ashore by the Wasp Off Mariel, Cuba.

London, July 12.—The Madrid correspondent of The Times says: Senor Sagasta went to the palace yesterday and tendered his resignation and that of the cabinet. It is said that he advised the queen regent to appoint a new cabinet, largely consisting of the military element, which would not necessarily mean the adoption of a warlike policy, but probably the reverse.

It is generally expected that the resignation will be accepted, but the result may possibly be only a partial reconstruction of the cabinet. Senor Sagasta has doubtless communicated to the ministers an account of his audience with the queen regent.

The Times, commenting editorially this morning on the "gloomy outlook for Spain," says: "Unless the new cabinet is quickly formed, the delay may easily issue in confusion or even disorder, which would indefinitely complicate the whole problem."

The Times thinks the government at Washington unwise to insist upon the unconditional surrender of Santiago.

"Besides risking an unnecessary loss of life without appreciably furthering the conquest of Cuba, the United States may soon find themselves in a position of serious moral responsibility for the starving population."

Maintain Strict Reserve. Madrid, July 12.—On leaving the cabinet council last night the ministers declared that they had mutually agreed to maintain the strictest reserve on the subject of their deliberations.

"Is She Your Daughter?" Have you a young girl just at the age when young girls most need a mother's loving care? Is she physically strong and well or does she suffer from any weakness of the delicate organism which most intimately concerns her womanhood?

If so, you understand her suffering better than anyone else can. You know that such troubles, unless remedied, mean a life of incapacity and wretchedness for her. You appreciate her reluctance to undergo physician's "examinations" and "treatments," and you will be glad of assurance from the most eminent medical authorities in this country that in nineteen cases out of twenty these mortifying methods are absolutely unnecessary.

Any mother who will write about her daughter's case, to Dr. R. V. Pierce, chief consulting physician of the Invalids' Hotel and Surgical Institute, of Buffalo, N. Y., will receive free of cost the best professional advice obtainable, and instructions whereby a complete cure may, in nearly every instance, be effected by simple, common-sense home methods.

No living physician has a wider practical experience or a higher reputation in the treatment of diseases peculiar to women than Dr. Pierce. His "Favorite Prescription" is the only proprietary remedy ever designed by an educated authorized physician specifically to cure women's diseases. His great 100-page illustrated book, "The People's Common Sense Medical Adviser," is of priceless value to every mother. It will be sent absolutely free on receipt of 21 one-cent stamps, to pay the cost of mailing only. Address, World's Dispensary Medical Association, Buffalo, N. Y.; or send 31 stamps for a heavy, cloth-bound copy.

The unflinching, never-gripping cure for constipation—Dr. Pierce's Pleasant Pellets.

PEACE CONDITIONS.

Terms Reported to Have Been Demanded by the United States. Madrid, July 12.—It is asserted that the United States makes the following demands as conditions of peace:

1. The possession of Cuba and Porto Rico, with a port in the Canaries.
2. An indemnity of \$48,000,000 (about \$240,000,000).
3. The retention of the Philippines as a guarantee of the payment of the indemnity.

These terms are regarded as impossible.

MILES AT SANTIAGO.

Confers With Admiral Sampson and General Shafter.

Washington, July 12.—The war department was advised late last night of the arrival of Santiago yesterday of the auxiliary cruiser Yale with General Miles and his staff and a portion of Garretson's brigade. General Miles had a conference with Admiral Sampson and later conferred with General Shafter by means of the signal service telephone wires.

OFFICIALS SATISFIED.

With Shafter's Delay in Hostilities at Santiago.

Washington, July 12.—The war department waited all day yesterday with the expectation of hearing from Shafter that the bombardment of Santiago had begun, but no word to that effect came up to the time the department closed, and though there is little reason to doubt that the general carried out the programme of which he had notified the department, it was regarded as possible that he had consented to a further extension under the flag of truce in view of certain signs of weakening on the part of the Spanish commander. It was that General Miles, with additional reinforcements on the Yale, arrived at Siboney yesterday, and it is expected the assault upon the town proper will be prosecuted at once with the greatest energy and determination.

Officials Satisfied.

The officials here are satisfied that what appears to be delay on the part of General Shafter was really caused by his efforts to carry out strictly the president's injunction to prevent the Spanish army from escaping from Santiago. He might have attacked the town several days ago with the result that if the Spanish were overcome they would have retreated without obstruction to the northwest, beyond the reach of our soldiers to follow. His recent dispatches indicate clearly that he has been trying to complete his line of investment so as to prevent such an escape and as he appears to feel satisfied that he has accomplished this the final assault will not be delayed much longer. General Shafter is disposed to save every life possible in the war, probably having in mind the particularly large proportion of killed, wounded and missing compared to the total strength of his army in the battle of Caney, which the official figures, promulgated yesterday, shows was exceptional in modern warfare. It is to save our troops that he desires to make a free use of artillery before the assault proper begins and also to secure the co-operation of the navy in the attack.

The cable communication between Washington and General Shafter's headquarters has now been gotten into excellent condition, so that it has been possible to receive at the department a message within 20 minutes after it had been dispatched by General Shafter. Colonel Allen, who is in charge at General Shafter's end of the line, has reported to the department that he is now engaged in laying a cable from Guanatanamo to Playa del Este, which will still further reduce the time required for the exchange of communications.

Violated Rules of War.

Naval officials say that a serious irregularity occurred at the time the ships of Admiral Cervera's fleet hauled down their colors and surrendered. Inquiries have brought out the fact that breech blocks of the guns were thrown overboard, thus disabling the guns and making them practically worthless and the valves by which the ships were flooded opened after surrender under the rules of warfare, the enemy had ceased fighting and had asked for quarter. It is said that further destruction to the ships at such a time was both wanton and dishonorable, and that if the persons responsible for it are located they are likely to be held accountable.

NOT THE ALPHONSO XII.

But a Spanish Supply Ship That Was Run Ashore at Mariel.

Tampa, Fla., July 12.—Thirty-nine Red Cross nurses passed through here last night going direct to Port Tampa. About 500 men comprising one company of the First Ohio and two companies each of the Third and Fifth Ohio arrived and joined their respective regiments yesterday. Another expedition will start for Santiago today.

News has been received here that the Spanish ship recently run ashore near Mariel by American scoutboats is not the Alphonso XII, but a large steamship belonging to the Lopez Transatlantic line. The vessel was loaded with ammunition and provisions for the Spaniards, and after attempting to make a landing on the southern coast of Cuba, stole around to the northern shore and was attacked and forced ashore by the Wasp and other small vessels doing scout duty. The vessel and cargo cannot be saved.

STORY TOLD BY WOUNDED

Enemy's Utter Disregard For the Flag of the Red Cross.

FIRE ON HOSPITALS

Captain Ducat's Description of a Charge on a Stone Blockhouse by Seventy-Five Men—Only Twenty Answered Roll Call After the Battle—Spaniards Hard Fighters and Treacherous—Raised a Flag of Truce Over a Battery and When the Americans Approached Shot Them Down.

Atlanta, Ga., July 12.—Two hundred and thirty-five sick and wounded soldiers reached the general hospital at Fort McPherson yesterday from Tampa. Among them are several of the rough riders and many members of the Seventy-First New York. The most seriously wounded are Captain Ducat and Lieutenant Lyons of the Twenty-Fourth infantry, whose families are now at Salt Lake, Utah. The doctors are much encouraged by the condition of the men and say they will recover. Many of the wounded men give thrilling accounts of the great fight of July 1, and from several sources, unsolicited, comes the information:

Disregarded Red Cross Flag.

Dwight Galloppe, chaplain of the Twenty-fourth infantry, of Newark, N. J., is suffering from internal hemorrhage, but he will recover. He told a story of the utter disregard of the Spaniards for the Red Cross flag. "On the afternoon of the 3d," said the chaplain, "I was visiting the wounded in a hospital near the place where the fight was the hottest. A lieutenant (whose name I do not know) was at the other end of the tent looking after some of his men. Suddenly a shell came through the tent and exploded. That officer was torn into shreds. I was hurled fully 50 feet and injured as you see and every man in the tent thrown from his cot.

Fired on Field Hospital.

"The Spaniards took especial delight in firing upon our field hospital. We had to move it seven times on that account. One of the surgeons was killed while dressing the wound of a soldier. In the hasty retreat, which the enemy's fire made necessary, from the first hospital a lot of our wounded were left behind and all of them were killed."

Several of the new arrivals say the reported suffering of Spanish soldiers is greatly exaggerated.

"The Spanish soldiers get better food than ours do," said one of the men. "The children of Santiago are suffering, but the soldiers are getting the fat of the land."

"They are hard fighters," he continued, "but very treacherous. Once during the early part of the battle a white flag was thrown upon one of our batteries. Our men approached it as a matter of course, but were shot down when they drew near."

Captain Ducat's Story.

Captain Ducat of the Twenty-fourth infantry, is shot through the thigh and his right leg is partially paralyzed. Propped up on a cot he told a press representative a story of the bitter fight which resulted in the wounding of himself and his first officer, Lieutenant Lyons, and the loss of many privates.

On the first day of the fighting near El Caney, Captain Lyons with 75 men, set out to take a stone blockhouse at the top of a steep hill. Safely housed behind the stone walls of the house, 60 Spaniards poured in a murderous fire on the plucky Americans as they entered the narrow path leading up the hill. Step by step the men forged ahead, their comrades falling every minute. By the time the top of the hill was reached but 22 of the band remained.

Hand to Hand Conflict.

With a shout they forced their way into the coveted stronghold and in a desperate hand to hand fight with revolvers succeeded in scattering the Spaniards. Captain Ducat and Lieutenant Lyons received the wounds at close range. Of the 75 men but 20 answered the roll call.

"Johnny" Bigelow of the Ninth Infantry, a brother of Poultney Bigelow is wounded in four places—a part of his jaw being torn away. All are bitter in their denunciation of "explosive bullets."

Spanish Torpedoboots.

London, July 12.—Advices received here from Grand Canary island, the center of the Canaries group, dated July 2, say one Spanish torpedoboot is there and two others are understood to be in the neighboring islands. Matters are quiet and the reserve are still under arms.

NATIONAL MILITARY PARK.

Satisfactory Water Supply Provided For at Chickamauga.

Chickamauga National Military Park, Ga., July 12.—The water supply for the great army here has been satisfactorily provided for. General Boynton of the park commission, stated yesterday that the five well digging outfits at the park would sink at once an artesian well in every one of the regimental camps not now having one, and this, in addition to the water received from Chickamauga river by the pipeline, will give an ample supply for a much larger force than is here now.

Orders reached General Brooke yesterday from the war department to forward the recruits for the Wisconsin and Sixteenth Pennsylvania regiments which left here last week supposedly to go to Cuba. These men, together with the wagon trains for three regiments left this morning for Charleston.

Orders were also received detailing the departure of the First Ohio cavalry until tomorrow morning. The regiment is thoroughly equipped and belongings all packed ready for departure. They are to go to Tampa.

General Sanger, commanding the Third division of the Third corps, has issued an order directing regimental commanders to report to him all the sharpshooters in their commands, which are to be formed into companies of sharpshooters for use in case the Spaniards keep up the practice begun at Santiago.

It was stated today on the authority of a high official that the Second division of the First corps under General Poland has been designated as an expedition for Porto Rico and that the division would be disposed of at as early a date as possible.

Cervera and His Officers.

Washington, July 12.—Captain Cooper, superintendent of the Naval Academy at Annapolis, spent some time with Secretary Long yesterday afternoon, going over the question of caring for the Spanish naval prisoners, including Admiral Cervera, who are to be quartered at the academy. A complete understanding was reached by which the Spanish officers will receive every consideration consistent with their rank. While relieving the prisoners from all undue humiliation, there will be no disposition to bestow such effusive courtesy as to place them in the light of heroes or martyrs.

Conferred With the President.

Washington, July 12.—The French ambassador called on the president yesterday. His call naturally excited much comment, and led to reports that Spain had asked for peace through French channels. The subject discussed by the ambassador will be made known in the course of a few days in connection with an interesting occasion, the details of which cannot now be made public, but which, when disclosed, will show that the conference did not relate to the war in any aspect.

Renounced the Will.

Chicago, July 12.—Mrs. George M. Pullman, in accordance with her intention expressed some time since, yesterday filed in the probate court her formal renunciation of benefits under her late husband's will. This is preliminary to making claim to her share of the estate under her dower rights.

To Embark Refugees.

Fort de France, Island of Martinique, July 12.—The French cruiser Rigault de Genouilly has sailed for Santiago de Cuba and thence to Juraguá, in order to embark French refugees if necessary.

UNPRECEDENT.

United States Senator on Trial On a Criminal Charge.

Wilmington, Del., July 12.—A trial probably unprecedented in the annals of this country, that of a member of the United States senate on a criminal charge began in the United States circuit court in this city yesterday afternoon before Judge Edward G. Bradford. The defendant is Richard Rollin Kenney of Dover, junior United States senator from Delaware, indicted upon a charge of aiding and abetting William N. Boggs, who has confessed to robbing the First National bank of Dover, of which institution he was paying teller, of the sum of \$107,000. The counts in the indictment to which Senator Kenney has pleaded not guilty, charge him with aiding and abetting Boggs to the extent of about \$3,500.

ODD FELLOWS' HOME

Kentucky Subordinate Lodges Will Each Furnish Rooms.

Lexington, Ky., July 12.—Mrs. E. F. Clay has been elected matron of the new Odd Fellows' Orphan's and Widows' Home in this city. The remodeling of the building has begun, and will be completed by the middle of next month. Several lodges throughout the state have signified their desire to furnish a room each in the home. The requests have been granted. The rooms are to be furnished uniformly, and the name of the lodge furnishing the room will be placed on the wall.

Internal Revenue Commissioner's Rating.

Washington, July 12.—The commissioner of internal revenue has made a ruling to the effect that all indemnity bonds must have affixed to them a 30-cent revenue stamp under the new law, and, in addition, stamps must be affixed representing $\frac{1}{2}$ of 1 cent for each \$1 or fraction thereof paid by the principal obligor of the company or other surety as a premium for the bond. A bond for \$12,000 therefore, on which a guarantee company had charged a premium of 8 per cent, must have affixed \$2.30 in stamps.

RANGE FINDING SHOTS

Strike a Church Stored With Powder.

Off Santiago de Cuba, via Playa del Este, July 12.—After several range finding shots over the ridge protecting Santiago from the sea, yesterday the United States cruiser Newark opened fire into the city with her 8-inch guns. The signal corps officers, stationed on top of the ridge, reported the effect of the shots. The New York, Brooklyn and Indiana participated in the firing, at intervals of 5 minutes.

The bombardment lasted for two hours when General Shafter reported that the shells were mostly falling in the bay and doing but little damage.

The last shot, however, struck a prominent church in the heart of the city which was heavily stored with powder and ammunition, causing a tremendous explosion. The extent of the damage is not known. Then the warships ceased firing.

SWINDLER ARRESTED

He Operated as a Capitalist Under Many Aliases.

Chicago, July 12.—Joseph Green, who was the partner of Edward J. Trask, the swindler who is now in Joliet penitentiary, is in the county jail, having been arrested yesterday on five indictments charging fraud and swindling. When Trask was convicted Green was held to the grand jury, but became a fugitive after giving \$10,000 bail. Under the aliases of Philip F. Green, John P. Gott and C. C. Best, it is said that Green, after his partner's conviction, operated as a "capitalist." His victims are alleged to be in New York, Kansas City and New Orleans principally.

It is said that Australian shepherds can foretell the weather from the condition of the wool on the backs of their sheep. An increase in the curliness indicates better weather.

Nearly 200 patents have been issued for horseshoes, but not one of the inventions has ever come into general use.

Republican State Convention.

The Indiana Republican State Convention will be held at Tomlinson Hall in Indianapolis on Wednesday and Thursday, August 3d and 4th, 1898. The convention will be composed of 1616 delegates, and promises to be one of the most interesting and enthusiastic conventions ever held in the State.

RAILROAD RATES.

Arrangements have been made with all railroads in Indiana for special rates to the Convention particulars of which will be announced later.

Spain apparently is trying to find some way to let go. If she will be patient a little longer Uncle Sam will help her.

It will require a much larger standing army than formerly to garrison, even temporarily, the numerous islands which have come into the possession of the United States as a result of this war. The probability is that many of the volunteer troops will be retained as a part of the regular army after the war has ended.

Millions Given Away.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness, and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on W. F. Peter, druggist, and get a trial bottle free. Regular size 50c and \$1. Every bottle guaranteed, or price refunded.

Practice March By the 159th.

The 3rd battalion composed of Co's C, H, G and L, led by Major Loudon made a practice march of five miles last Thursday which severely tried the mettle of all the men engaged in it, charging through the wood a full one half mile in making the advance at double time. Major Loudon, riding to the top of the hill, saw the 1st battalion approaching and rapidly changing front made such disposition of the troops as to make an excellent ambuscade in the woods lining the roadside. The 1st battalion came on in perfect order and without suspecting the fact that the enemy was in their immediate vicinity. Suddenly in response to a ringing command to charge, from Major Loudon, the woods and road were alive with rapidly moving bodies of troops, and without a shot being fired the 1st battalion were taken prisoners by the 3rd.

A Clever Trick.

It certainly looks like it, but there is no trick about it. Anybody can try it who has Lame Back and Weak Kidneys, Malicious or Nervous Troubles. We mean he can cure himself right away by taking Electric Bitters. This medicine tones up the whole system, and acts as a stimulant to Liver and Kidneys, is a blood purifier and nerve tonic. It cures Constipation, Headache, Fainting Spells, Sleeplessness and Melancholy. It is purely vegetable, a mild laxative and restores the system to its natural vigor. Try Electric Bitters and be convinced that that they are a miracle worker. Every bottle guaranteed. Only 50c a bottle at W. F. Peter's drug store.

Our baby has been continually troubled with colic and cholera infantum since his birth, and all that we could do for him did not seem to give more than temporary relief, until we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. Since giving that remedy he has not been troubled. We want to give you this testimonial as an evidence of our gratitude, not that you need it to advertise your meritorious remedy.—G. M. Law, Keokuk, Iowa. For sale by C. W. Milhous.

O. M. Pruitt, of Indianapolis, who represents one of the largest veneering industries in the Union came here this morning on business with Ruddick & Spear who are among our largest timber men.

NEW WORDS NEEDED.

English Demand For Such Combinations as "Killment" and "Lovist."

There is one thing that has not yet been "treated" by the universal improviser—that pest who tries to set everything right—and that is our English language. None but foreigners have as yet had cause to complain of it, every Britisher seems to be satisfied with it—except me.

Now, why aren't there more words? We have something like 150,000, but that is not enough, and we often experience difficulties on this account.

For instance, when a bus topples over in the street, the newspapers boom out with long winded headings about "the falling over of a bus," "collapse of a bus," or "the overturning of a bus," etc. But these are more or less clumsy. Clearly it's the word "overturnment" that is wanted. "The overturnment of a bus" hits the situation perfectly.

Then, again, if you want to say that a hundred Gordon highlanders were annihilated by an Arab tribe, you could considerably shorten your sentence by the concise expression, "Arab killment of 100 Gordon highlanders."

Thousands of colloquialisms could be modified in a similar way. The awkward word photograph could be changed to "fotofy," puncture to "punk," cigarette to "cigarette," situation to "situation" or "sitment," and so on.

In more sentimental matters new words would be a decided boon. A man somehow can't help blushing when he calls the woman of his heart "sweetheart," "lover" or "intended." They are ugly words. "My girl," of course, is low, and "fiancee" is avoided because it cannot be pronounced properly. "Lovist," "spicer" or "matcher" are infinitely more tasteful and convey the proper meaning.—London Answers.

Fame Kept Alive by Flowers.

In St. Nicholas there is an article on "Flower Names," written by Ella F. Mosby. The author says:

Some of the roses have French historic names, as the Souvenir de Malmaison, and the splendid Jacqueminot, the soldier

Who shared in Napoleon's glory, And dreamed that his sword had won his fame!

Ah, the fate of a man is past discerning! Little did Jacqueminot suppose At Antwerp or at Moscow's burning That his fame would rest in the heart of a rose!

What could be lovelier indeed than to have one's memory kept alive by a flower, as has been the fortune of the botanists Fuchs, Kalm, L'Obel, Dahl and Magdol, who would have been forgotten long ago but for the fuchsia and kalmia, the lobelia, dahlia and magnolia of our gardens and forests.

His Own Work.

The vanity of a certain well known painter is ridiculed in a story told of him. It relates that the painter was traveling in a train through the mountains, and as the weather was warm and the painter had not had enough sleep the night before he dozed in his seat.

He had a traveling companion, who insisted upon talking to him nevertheless, and as the train passed a fine prospect exclaimed:

"Look, look! What a beautiful landscape!"

"Yep," grunted the painter, dreaming, and hearing a "shop" phrase, "I painted it myself."—Youth's Companion.

"During the hot weather last summer I had a severe attack of cholera morbus, necessitating my leaving my business," says Mr. C. A. Hare, of Hare Bros., Cincinnati, Ohio. "After taking two or three doses of Chamberlain's Colic, Cholera and Diarrhoea Remedy I was completely relieved and in a few hours was able to resume my work in the store. I sincerely recommend it to any one afflicted with stomach or bowel trouble." For sale by C. W. Milhous.

ALLEGED MURDERERS

Placed on Trial For the Killing of Mrs. Stoltz.

THOMAS KING DISAPPEARS

Sergeant McHenry, Who Has Been Published as a Deserter, Believed to Be a Victim of Circumstances—Shot by a Sharpshooter—Enforcing the Dog Tax Law—Impaled on a Fork.

Portland, Ind., July 12.—The case of Samuel H. Marshall and Albert Musser, accused of having murdered and robbed Mrs. Louisa Stoltz last February, was brought up for trial this morning in the Jay circuit court. Marshall was arrested at Monmouth, Ill., and Musser was found at East St. Louis. Musser has been confined in the Winchester jail since his arrest and Marshall has been incarcerated in the Decatur jail, the Jay county jail being unsafe for the retention of such important prisoners.

WINE AND WOMEN.

Bring About the Fall, It Is Alleged, of a County Superintendent.

Bloomington, Ind., July 12.—Thomas J. King, school superintendent of Monroe county has disappeared. It has been known that King was reckless in his personal habits, but it was not known until his disappearance that he was heavily involved. It now develops that there is a mortgage on his wife's farm for \$1,600, the signature to which she alleges is a forgery and it has been discovered that the notary seal is fraudulent. Sometime ago King's father, it is said, was compelled to pay a note in bank for \$700 to which there were two forged signatures. After King's departure numerous notes and accounts kept coming to light until the amount aggregated \$5,000. Some of this had been borrowed from trustees. It is charged that wine and women was the cause of his downfall.

SERGEANT MCHENRY.

Published as a Deserter, but Is Believed to Be a Victim of Circumstances.

Huntington, Ind., July 12.—Sergeant McHenry of this county, a member of the One Hundred and Fifty-eighth Indiana and who has been published as a deserter, is undoubtedly a victim of circumstances. When the war broke out McHenry promptly joined his company and went to the front, leaving his young wife with her parents in this city. Soon after his wife was taken seriously ill and, her condition becoming alarming, McHenry obtained a furlough and came home. Mrs. McHenry improved and her husband, at the earliest possible moment, left to join his regiment. If he has not reached his regiment his friends fear that something has happened to him. Sergeant McHenry and wife came here from Fulton county. He belonged to the Rochester company.

Tents For the Knights.

Indianapolis, July 12.—The Knights of Pythias executive committee last fall contracted with a Cleveland firm for the rent of 8,100 tents at an extremely low figure. Since the war commenced the firm has intimated that it would like to cancel the contract, owing to heavy orders from the government. The committee has been under some apprehension regarding the matter, but yesterday this was removed by receiving word from the firm that it would fill its contract to the letter.

Shot by a Sharpshooter.

Liberty, Ind., July 12.—Word has been received that George Hitchner of this county was killed in the battle of Santiago de Cuba. Hitchner was one of the detail to cut the wire barricades erected by the Spanish, and he was shot by a sharpshooter while thus engaged. He was 22 years old and the son of a well-to-do farmer living near here.

Fell From a Train.

Wellsville, Ind., July 12.—An unknown man fell from a Chicago and Grand Trunk train here, dying of internal injuries. Papers in his possession indicated that he was on his way to Minnesota to make his home with a daughter.

Impaled on a Fork.

Milgrove, Ind., July 12.—Lemon Barnes, accompanied by his son Harry, was taking a load of hay to Hartford City, when his wagon ran into a wash-out on the road. The load upset and the boy was impaled on a fork, the tines passing through his body near the heart.

Was on the La Bourgogne.

Eaton, Ind., July 12.—This place had a representative on board the ill fated La Bourgogne. He was William Schmitt, a glass blower and was on his way to Antwerp, Paris and Madrid.

Shot His Jaw Away.

Elwood, Ind., July 12.—Isaac Cox, a glassworker, while camping on the river bank, had a portion of his jaw shot away by an accidental explosion of a revolver. He was frightfully injured.

Enforcing Dog Tax Law.

Huntington, Ind., July 12.—Eighty affidavits have been filed against owners of dogs who refused to pay the dog tax. Among the number are prominent and well known citizens.

POWHATAN PIPES.

Made From a Peculiar Kind of Virginia Clay and Made Sweet by Fire.

The old crenelated captain was gazing upon a curiously shaped red clay pipe which he smoked at the end of a long, many jointed reed stem, while he filled the ears of the observant Jerseyman with its praises.

"If you want the sweetest pipe in the world," he said, "you must get one of these. They are the original Powhatan pipes, made in Powhatan county, Va., out of a peculiar blue clay which is found there in little nodules and finished in a peculiar way."

"The genuine Powhatan pipe can never be found north of Baltimore, and it is easier to get one in Norfolk than in Baltimore. If you begin smoking one, you will discard your meerschaums and briar woods and smoke nothing else. When it gets strong, you merely put it into the fire and burn it sweet again. The imitation Powhatan pipes would crack to pieces if you try to burn them sweet, but the genuine can be thrust in safely right into the bright coals, although, of course, it is better to let them heat more gradually."

Under the stimulus of this praise the observant Jerseyman sent a friend in Norfolk for half a dozen of the pipes. After a time he received them, with a bill for 75 cents for the pipes and \$5 for the trouble of finding them.

"If you had not told me that the pipes sold two for a quarter," his friend wrote, "I should never have got the right kind for you. I went to almost every tobacconist in Norfolk hunting for them. Each one showed me a pipe which looked about the same as these, but was only 10 cents. Finally, one day, after I had about given up the search, I happened to mention it to a longshoreman. 'There is only one shop in Norfolk,' he said, 'where you can get the genuine Powhatan pipe. That is a little place down along the river front. He gave me the address, and there I found them.'"

The observant Jerseyman has smoked the Powhatan pipe many times since then, and he still believes the old captain's praise was warranted. On the caution label which came about each pipe it is said that the peculiar qualities of the genuine pipes are due to the fact that they are finished by hand polishing instead of a glazing, thus leaving to the clay all of its natural porosity and absorbent qualities.—New York Sun.

A "Daisy."

"You are a daisy," is used by Dickens in "David Copperfield" in the sense of calling a person a daisy in the way to express admiration and at the same time to laugh at one's credulity. Stearns says to young Copperfield: "David, my daisy, you are so innocent of the world. Let me call you my daisy, as it is so refreshing to find one in these corrupt days so innocent and unsophisticated. My dear Copperfield, the daisies of the field are not fresher than you."

Joseph Hibner has been in bad health for more than two years and nearly blind the last twelve months, he has bought and sold eleven thousand and five hundred dollars worth of goods at his little store during the last fifteen months.

The one practical and sensible way to get through the hot weather without suffering so much from its evil effects is not to worry about it. Half the inconvenience of the summer season is due to the amount of worrying people do over conditions that are inevitable and things that are determined to look after themselves and have their own way. Talking about the heat doesn't make the weather any cooler and fretting about it doesn't make it any easier to bear.

PROBABLE ESCAPE.

OF THE SPANISH ARMY FROM SANTIAGO.

Toral Takes Advantage of the Truce to Spirit His Troops Away.—New Philippine Expedition.

WASHINGTON, July 12.—The following dispatch from Gen. Shafter was received here at 9:30 o'clock a. m.

PLAYA DEL ESTE, via Hayti, July 12.—Headquarters Fifth Army Corps.—Adjutant General, Washington: It has been very quiet, but little fighting.

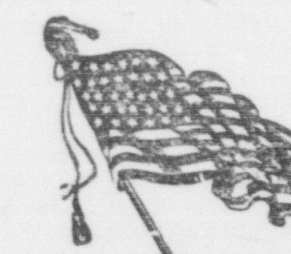

A flag of truce up since 2 o'clock, considering proposition for surrendering, now that I have town surrounded on the north; lines completed at 5 p. m. by Gen. Ludlow right down to the bay. The line is rather thin, but will have it strengthened in the morning by Gen. Henry, who has just arrived at headquarters.

Only three or four casualties. No one killed as far as I can learn. Expect to have two of the new batteries in position tomorrow.

Great deal of suffering among the people who have gone out of Santiago. Am doing my best to relieve it, but not entirely successful. SHAFER.

It seems likely that Gen. Shafter's indulgences to the Spanish commander in so long extending the time for negotiations has been rewarded by a characteristic bit of Spanish craftiness. According to the latest news from the front, Gen. Shafter believes that Gen. Toral has slipped out of Santiago to the westward with all his men and arms, leaving a sacked and deserted city as the only trophy of the American army.

Gen. Toral's course in encouraging non-combatants to seek shelter in the American lines, the fact that Spanish soldiers have been pillaging the city, the evacuation of Aguadores by the Spaniards leaving dummy guns in their intrenchments, the feebleness of the Spanish reply to the brief bombardment Sunday afternoon—these and other things tend to confirm the reports that the Spanish General, while asking time to negotiate for surrender, has been withdrawing his troops to the westward.

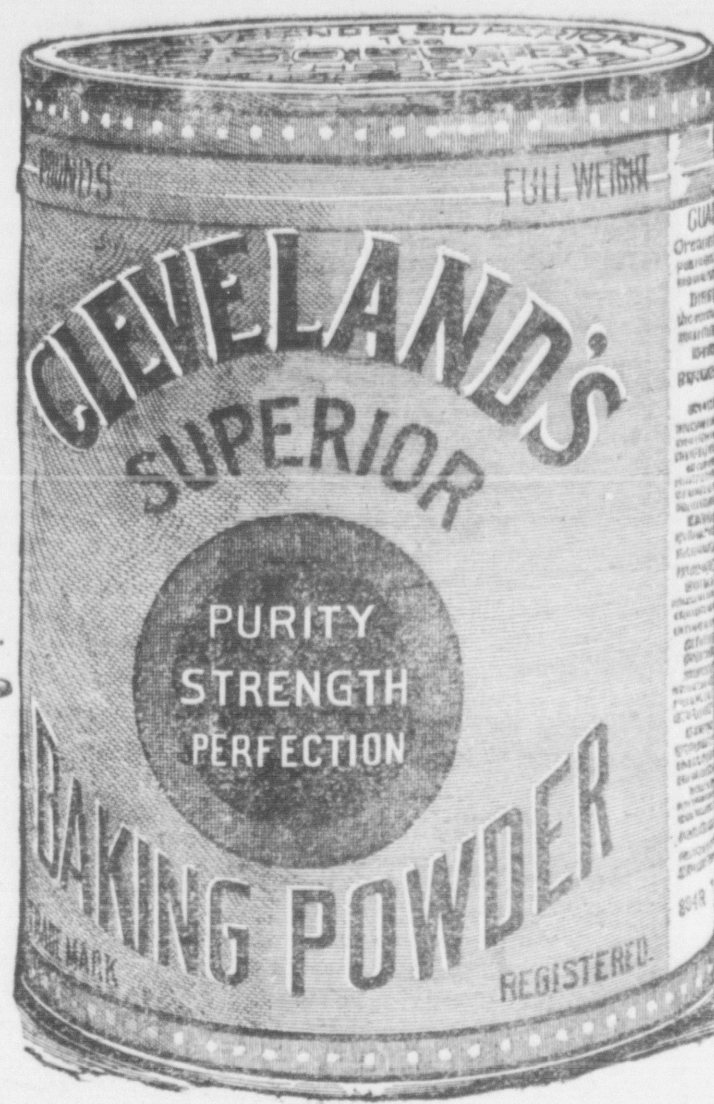

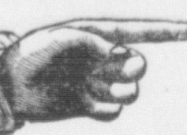

Two more transports with troops for Manila will leave San Francisco this week, probably on Thursday. Maj. Otis and staff will be with this expedition. Gen. Otis will stop at Honolulu and formally take possession in the name of the United States.

The oil tanks of the Standard Oil Co. at Columbus were destroyed by fire yesterday morning. Loss about \$1,500. No insurance.

INDIANA FOLKS HONORED. They Have the Best Line Selected as their Official Route.

Indiana folks who attend the Seventeenth International Christian Endeavor convention at Nashville, Tenn., or the National Educational Association Meeting at Washington, D. C., next month will be interested in the announcement that the Pennsylvania Lines have been selected as the official route for both events.

Dr. F. C. Heath, master of transportation Indiana Union Christian Endeavor, Indianapolis, has just issued his official circular naming the Pennsylvania route through Indianapolis and Louisville as the official one for the International Convention at Nashville. The official train will leave Indianapolis over this route at 11 o'clock a. m., July 5th, and go through to Nashville without change, arriving there at 7 p. m. same day. The hour of departure from Indianapolis, 11 a. m. July 5th, is a convenient one for all Endeavorers and friends to rendezvous at the state capital. Excursion tickets will also be sold for all regular trains over the Pennsylvania Lines July 2d to 5th, inclusive, good returning until July 15th, with privilege to extend return limit until August 1st. Stop-over privileges will be granted to enable excursionists to visit famous Mammoth Cave. There will also be special side trips and excursions from Nashville to Chickamauga National Military Park at Chattanooga arranged for their pleasure. Dr. Heath cordially invites all persons who may desire to make a most delightful trip to place themselves in correspondence with him or district passenger agent W. W. Richardson, of the Pennsylvania Lines, Indianapolis.

For the trip to the National Educational Association Meeting at Washington the state committee consisting of Messrs. W. R. Snyder, Muncie, D. M. Geeting, Indianapolis, and C. F. Patterson, Edinburg, announce in an official circular that the Pennsylvania will be the official route. Low rate tickets will be sold July 3d, 4th, 5th and 6th, with ample return limit. Trains run to the national capital without change from northern, central and southern Indiana, and excursionists may take through trains at stations on the Pennsylvania Lines and make the trip without changing cars, passing through the enchanting panorama of mountain, valley and river scenery formed by the romantic Alleghenies, Horse Shoe Curve, the Ohio, Blue Lick, Susquehanna and Potomac Rivers. Special side trips to Gettysburg Battlefield, to Camp Alger, Fairfax Court House, Va., where the 159th Indiana Regiment of Volunteers is encamped, to Norfolk, Old Point Comfort and to summer havens by the sea are being planned; also an ocean trip to Boston under the guidance of Professor Patterson, of Edinburg. Particular information regarding rates to Washington and other details will be cheerfully furnished by members of the committee, and by W. W. Richardson, D. P. Agt., Indianapolis.
